

## Out of the Box Digital Signage

Sharp/NEC and Yodeck offer a fully integrated solution for an unbeatably easy digital signage experience.

Digital signage is the future of dynamic communication, capturing attention and engaging audiences. Through our partnership, combining Sharp/NEC visual technology with Yodeck's intelligent digital signage platform, you are assured of the utmost reliability and security.

Take your company to the next level with MultiSync® Displays integrated with the MPi-4 Yodeck kit enabling instant access to Yodeck's free and unique apps.

### The benefits of MultiSync®

#### Large Format Displays:

High quality manufacture for long life reliability, robust against the most demanding usage.

- Models for budget-conscious to mission-critical usage
- Sizes from 32 to 98-inch
- 4K UHD pixel-free viewing
- Landscape / portrait orientation
- NaviSet Administrator 2 remote management software
- Integrated computing: choose Intel®SDM, MPi4 Mediaplayer or Android SoC

## Secure investment:

Should future requirements change, the integrated module can be upgraded or re-configured accordingly without having to replace the display. Or choose the MultiSync ME2 display range with integrated Android SoC.
